PAD PRINTING MACHINE
LCN 130

The LCN 130 is a compact and robust padprinting machine that has been fine-tuned for performance.

The LCN 130 is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines we use

only top quality world class components and our workmanship is unparalleled.

Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **3 year** limited warranty.

Technical data

Printing capacity:	up to 2100/hr
Drive:	pneumatic
Printing force:	max. 450 N
Compressed air supply:	5–6 bar (87 psi)
Air consumption:	1,8 l/cycle
Control system:	PLC
Main voltage:	110 – 240 V 50–60Hz.
Control voltage:	24 VDC
Weight Modul:	31 kg.
Weight Stand:	20 kg.
Dimensions:	see illustration
Plate size:	130 x 100 mm 130 x 230 mm
Platethickness:	0.5 or 10 mm
Cup size Ø 86 mm:	Print Ø 76 mm
Cup size Ø 120 mm:	Print 70 x 110 mm

also available with open inkwell upon special request
