# Pad printing machine

## with automatic pad cleaning

PAD PRINTING MACHINE  
**LCN 132**

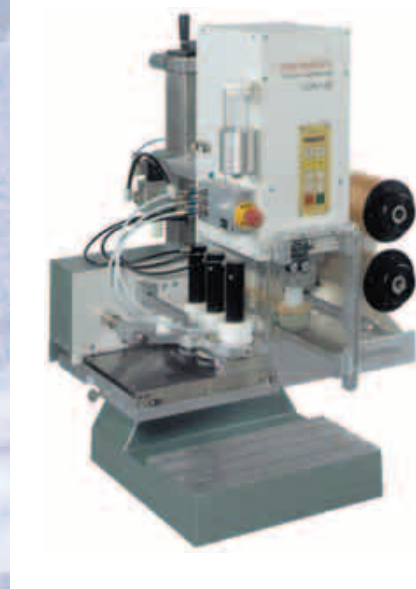

The LCN 132 is a compact and robust padprinting machine that has been fine-tuned for performance.

The LCN 132 is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines we use

only top quality world class components and our workmanship is unparalleled.

### Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **3 year** limited warranty.

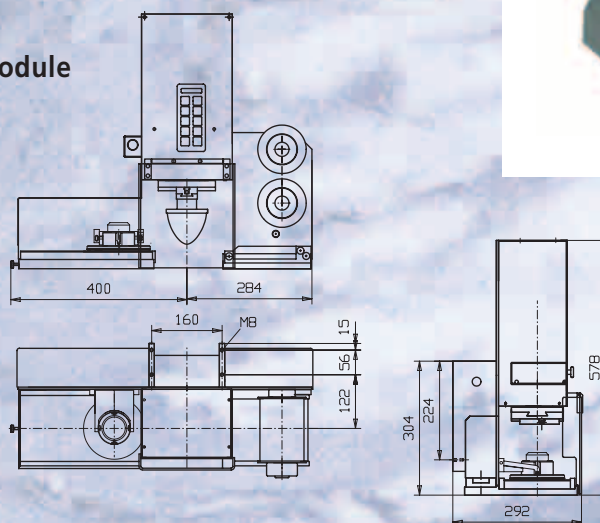

### Technical data

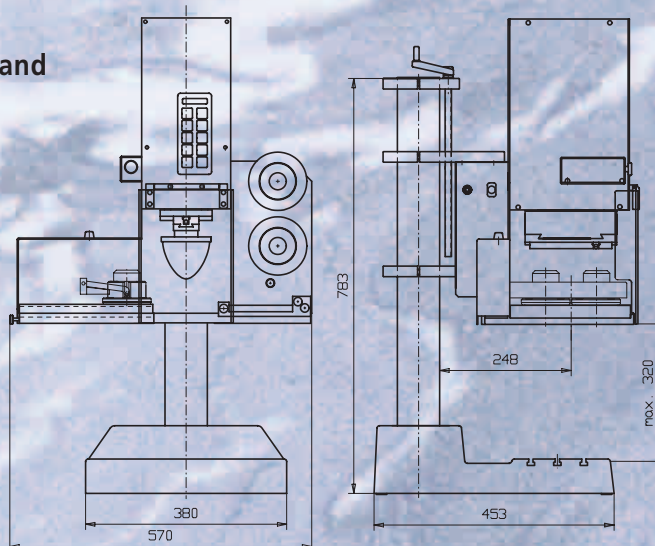

Printing capacity:	up to 1800/hr
Drive:	pneumatic
Printing force:	max. 1100 N
Compressed air supply:	5–6 bar (87 psi)
Air consumption:	2,3 l/cycle
Control system:	PLC
Main voltage:	110 – 240 V 50–60Hz.
Control voltage:	24 VDC
Weight Modul:	42 kg.
Weight Stand:	20 kg.
Dimensions:	see illustration
Plate size, closed System:	200 x 230 mm
Platethickness:	0.5 or 10 mm
Cup size Ø 3 x 56 mm:	Print Ø 3 x 50 mm
Cup size Ø 2 x 86 mm:	Print Ø 2 x 76 mm
Cup size Ø 1x120 mm:	Print 1x76x110 mm

also available with open inkwell upon special request
