Pad printing machine for special large printings

PAD PRINTING MACHINE

MS 500 slide

The MS 500 slide is a compact and robust padprinting machine that has been fine-tuned for performance.

The MS 500 slide is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines we

use only top quality world class components and our workmanship is unparalleled.

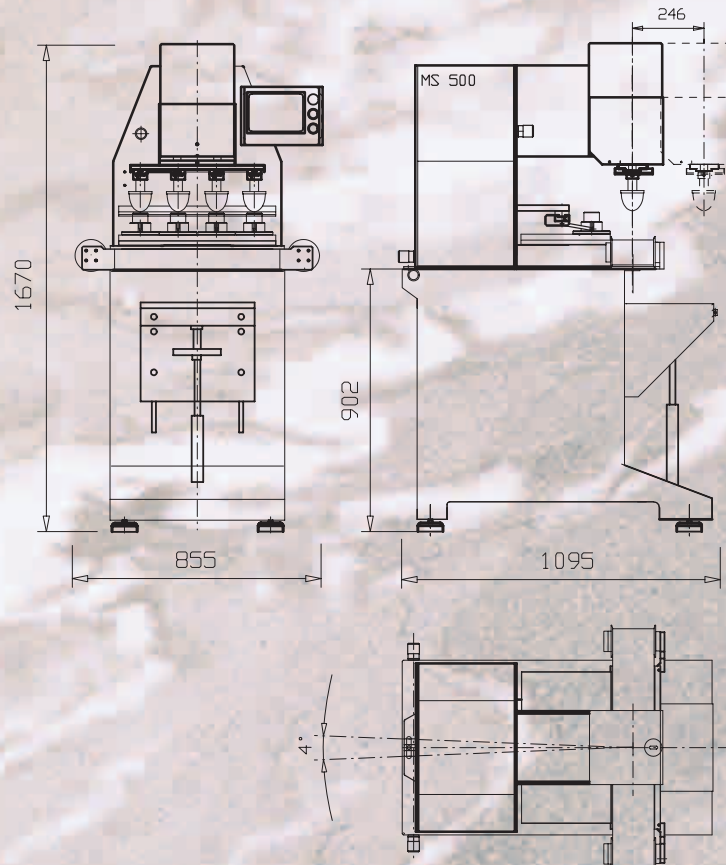

Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **3 year** limited warranty.

Technical data

Printing capacity:	up to 500 / hr
Drive:	pneumatic
Printing force:	max. 2900 N
Compressed air supply:	5-6 bar (87 psi)
Air consumption:	4,0 l/cycle
Control system:	PLC
Main voltage:	110 – 240 V 50–60Hz.
Control voltage:	24 VDC
Weight Module:	300 kg.
Weight Stand:	130 kg.
Dimensions:	see illustration
Plate size:	
Closed System:	max.800 x 120 mm
Platethickness:	0.5 or 10 mm
Cup size Ø: 1x	56 mm
Cup size Ø: 1x	70 mm
Cup size Ø: 1x	86 mm
